#### DEPARTMENT REPORTS:

Fire Chief Larry Meyer reported that his department is currently going through all the schools conducting fire prevention activities. They are doing hydrant flushing on the east side industrial area of the village. The residential area will begin next week. They will use reverse 911 to inform the community that the flushing will take place. People will be made aware of the temporary cloudy appearance of the sediment in the water due to the flushing. The reasoning behind doing this flushing twice per year is to avoid the sediment from building up and completely clogging the pipes. We also learned that the fire department completed their trench drills in the cemetery. A reminder was given to change our clocks on November 2, and change your smoke detector batteries at the same time.

Deputy Police Chief Frank Figueroa updated us on our three new police officers. Shawn and Maria are now working on the afternoon shift after spending a month on each shift with a different trainer. They were exposed to a wide variety of issues. Shawn was involved in his first pursuit in the early afternoon over the Central Avenue Bridge. There was heavy traffic. The offender caused four or five accidents during the course of this chase. At one point he was driving in reverse on 47<sup>th</sup> Street trying to elude police. Shawn did a great job. The Deputy watched the video. He did a fantastic job considering that he is currently in driving school right now for the next three days. It would have been advantageous for Shawn to have had the course prior to the chase. The offender was eventually caught on 44<sup>th</sup> and Cicero. He basically got caught up in traffic on Cicero. When he was taken into custody, his excuse was that he had to hurry home to take his wife to church. Both Maria and Shawn will be back on the afternoon shift for the next three weeks where they will do 100% of all the work that will be thrust upon them. Their trainers will evaluate them to determine whether they can work by themselves. Our new graduate, Ashley, is currently on midnights. The Deputy Chief said that he and the Chief were approached by four different individuals last Friday praising Ashley and telling us of what a great officer we have. One of those individuals was the director of the academy. She made an impression with them.

Treasurer Kurt Kasnicka informed us that next Monday is Columbus Day and the offices will be closed. Public Works will be running one day behind.

There being no further business, Trustee Zeedyk moved, duly seconded by Trustee Walik that the meeting be adjourned. Upon which the Board adopted the motion at 7:10 p.m.

Respectfully submitted,

Re: **1.0 MG Torisphere Elevated Tank Painting  
Engineer's Payment Estimate No. 1 (Invoice #20127-01)**

Gentlemen:

This letter is to certify that Am-Coat Painting, Inc. has furnished labor and materials, for the above-captioned project, in accordance with the attached Invoice #20127-01.

As of September 28th, the Contractor has completed the following percentages of categorized work on this project:

▪ Blast and Paint Exterior .....	0%
▪ Blast and Paint Interior Wet.....	70%
▪ Blast and Paint Interior Dry.....	0%
▪ Steel Welding Repairs .....	0%
▪ Tank Logo .....	0%

During the tank interior blast work, the Contractor discovered a number of spot locations where the tank has experienced corrosion damage that will be required to be repaired. These locations were photographed and documented for review by our Office and Village Officials. We are also currently coordinating the temporary relocation of the Sprint antennas and communication equipment on the tank so that the exterior tank work can be completed. Based on prior meetings with a Sprint representative we had planned on this relocation work being completed by mid-October. Due to the extra tank repair work required and the Sprint equipment relocation delay the Contractor will complete only the interior wet and dry painting work this year and return next year to complete the exterior blast and painting work.

Therefore, we authorize the payment of **\$83,223.00** to **AM-COAT, Inc., 17201 S. Parker Road, Homer Glen, IL 60491**, to be paid in accordance with the terms of their Contract. Also enclosed is a copy of the "Waiver of Lien" for the payment amount.

Sincerely,

**FRANK NOVOTNY & ASSOCIATES, INC.**
