President O'Reilly explained prior to the vote that last year we passed on the rates that were passed on to us from Chicago for the 25%, 15%, 15% and 15%. With the changes we have made and improvements to the water system with the some of the meters on the east end, we are in good shape with the water fund. We don't need to pass on this year's 15%. What this ordinance does is to amend it. There will be no increase in the water rates this year.
