Re: Recommended for the updating of village codes to allow fire inspections of business and properties

Mayor Daniel O'Reilly  
Trustee of the Village of Stickney  
6533 W. Pershing Road  
Stickney, IL. 60402

Dear Mayor O'Reilly and Board of Trustees:

I am requesting that you and the board approve the following change to the village codes. The fire department conducts annual and as need inspections of the properties and business in the village limits.

There is no local ordinance allowing us to conduct these inspections. The fire inspectors need a code that allows us to conduct an annual and as need inspection of the businesses, and properties in the village. There are codes in both BOCA Fire National Fire Codes and the State of Illinois Codes that address the inspections of properties, this allows us to conduct said inspections but in talking with the village attorney, he has recommended that the village adopt our own local ordinance that cover our fire inspectors.

I am requesting that the following sections be added to the village code under the fire department, that recognize the fire department inspector(s) to conduct inspections of the business, multiple unit apartment buildings, and properties with in the village limits

Under Section 34-83 Enforcement agency.

E. Right of entry. Whenever it is necessary to make an inspection to enforce the provision of the village codes, or whenever the fire inspector has reasonable cause to believe that there exists in a building or upon any premises any condition or violations of village code which make the building or premises unsafe, dangerous or hazardous, the fire inspector shall have the authority to enter the building or premises at all reasonable times to inspect or to perform the duties imposed upon the fire inspector by this code. If such building or premises is occupied, the fire inspector shall present credentials to the occupant and request entry, If such building or premises is unoccupied, the fire inspector shall first make a reasonable effort to locate the owner or other person having charge of control of the building or premises and request entry, If entry is refused the fire inspector has recourse to every remedy provided by law to secure entry.

Thank you for you time and consideration of this mater. If there are any questions please contact me at the fire station.

Cordially yours,
