RE: Budget Transmittal Letter – Fiscal Year 2020/2021

DATE: June 18, 2020

This transmittal letter summarizes the budget for the various funds of the Village of Stickney for the fiscal year that begins May 1, 2020 and ends April 30, 2021.

This budget document was prepared with two major objectives in mind. First, to provide citizens and others interested in the Village's finances complete and understandable information regarding the budget. The second is to develop an annual fiscal plan that will assist Village leaders in making better decisions and enhance financial accountability. The tentative budget was available for public review upon request at the Village's Finance Department.

On March 15th, Illinois Governor Pritzker ordered a statewide closing of businesses that were not considered essential due to the Covid-19 pandemic. As a result of these closings and limiting gatherings of people, many towns and villages will experience loss of revenues and jobs. The Village of Stickney will rely on reserves to continue to provide the same high level of service to its residents during these challenging times. It is too early to predict how the Covid-19 pandemic will affect the local economy in the short and long term. The Village will continue to monitor its revenue and expenditures monthly and make any necessary changes to the budget based on changes in the local environment.

General Fund

Revenues. Budgeted revenues within the General Fund are \$7,991,850, an increase of \$500,760 (6.7%) from the prior year's budget. State revenues are budgeted at lower amounts than last year due to the current economic situation caused by the Covid-19 pandemic. The Village has estimated the decrease of state revenues using the forecast projections issued by the Illinois Municipal League. There has been discussion in Congress of providing municipalities some federal aid but as of this date there has been no legislation passed regarding any federal aid. The Village has prepared this budget assuming no federal, state or county aid to address the loss of state shared revenues. The estimated decreases projected by the State used in the preparation of the FY21 budget are as follows: municipal sales taxes: 15%; income taxes: 15%; video gaming tax 30%; PPRT: 33%; telecommunication tax: 10%; local use tax: 10%. The result of this is a combined budget decrease of state intergovernmental revenue of \$190,000.

These decreases are offset by an increase in the FY21 budget for building permits of \$800,000 due to the construction of a new casino in the Village, slated to begin in summer 2020.

Expenditures. The total General Fund expenditure budget is \$7,967,330, an increase of \$81,522 (1.0%) from the prior year.

Overall, budgeted General Fund revenues of \$7,991,850 exceed budgeted expenditures of \$7,967,330 by \$24,520.

Enterprise Funds

The Water Fund is an Enterprise Fund indicating that revenues derived from the operation of the utility should fully fund operations. Rates charged to residents are used to pay for all costs associated with providing water, processing wastewater, and to pay for the repair and maintenance of existing infrastructure.

The spending request for the Enterprise Fund is \$3,461,100 and is funded by operating revenues of \$3,858,500.

Capital Funds

The Village has budgeted \$673,860 for the Stickney/Forest View 45th street road project. Cook County will reimburse the Village \$213,350 and Forest View will reimburse the Village \$243,726 for their share of the project. The remaining Village's portion of \$216,784 will be paid by transferring \$220,000 from the Motor Fuel Fund.

Sincerely,

David A. Gonzalez Finance Director

Budgeted Revenue by Source 2020/2021 - General Fund

Budgeted Expenses by Department 2019/20 vs 2020/2021 - General Fund

Schedule of Anticipated Fund Balances 2020/2021 - All Funds

Fund Structure and Budget Overview

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that compromise its assets, liabilities, reserves, fund equity, revenues and expenditures. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

The Village's governmental funds are as follows:

General Fund – This fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special Revenue Funds – These funds are used for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The Village maintains one major special revenue fund. The Motor Fuel Tax Fund accounts for the motor fuel tax allotments from the State and the spending of these funds on street improvements in the Village. The Village also maintains four nonmajor special revenue funds. The MFT- Rebuild Illinois Fund is a new fund in FY21 that was set up in response to a grant program implemented by the Illinois Department of Transportation. The Village will receive two grant allotments per year for the next three years to be spent on capital projects.

Debt Service Fund – This fund is used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

Capital Projects Fund – This fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary and Trust Funds).

The Village's proprietary fund include the following:

Enterprise Fund – This fund accounts for operations for which a fee is charged to external users for goods or services and the activity is (a) financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one enterprise fund. The Water Fund accounts for the provision of water services to the residents of the Village.

Fund Structure and Budget Overview

Basis of Accounting and Budgeting – The Village of Stickney presents governmental funds on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

The Village prepares its budget on a basis consistent with generally accepted accounting principles. The finance department submits to the Village Board of Trustees a proposed operating budget for the fiscal year commencing the following May 1st. The operating budget includes proposed expenditures and the means of financing them. It is legally enacted on an annual basis through passage of a budget and appropriation ordinance.
